Dear Ms. Willis:

The State Engineer's office has reviewed your request to begin use of water prior to the period of use date of your water right.

Unfortunately, the prolonged drought has caused the storage levels in Bear Lake to drop below recent historic levels. In view of this situation, the State Engineer's office will not permit the early use of water because of the impact it may have on storage rights in Bear Lake.

Therefore, your request for early diversion is denied. If you have any questions concerning this denial, please contact me by phone at (801)538-7380 or by e-mail at [LeeSim@utah.gov](mailto:LeeSim@utah.gov) or Bob Fotheringham, Regional Engineer, by phone at (435)752-8755 or by e-mail at [BobFotheringham@utah.gov](mailto:BobFotheringham@utah.gov).

Sincerely,

Lee H. Sim, P.E.  
Assistant State Engineer for Distribution
